Main areas of practice

Michelle's areas of practice and defendant statutory and public liability. Her primary focus is on complex liability and medical issues and matters involving sharing and recovery. She also appears as an Advocate before mediations and the Claims Assessment and Resolution Service.

Background

In 2002, Michelle made the decision to join TLlawyers in order to progress her career as an insurance law specialist.

Prior to this, Michelle worked for two years with Abbott Stillman and Wilson, a top tier Melbourne firm acting for the Victorian WorkCover Authority. This Authority is widely regarded as having achieved best practice in management of injury claims. Michelle advised on workers compensation claims, recoveries and other insurance matters.

Experience

Michelle works closely with the partners to achieve a high level of performance and client satisfaction. She assists with the management and development of other professional staff and has an excellent reputation in providing quality and practical case management.

Michelle is dedicated to establishing strong client relationships and also provides in-house inductions and ongoing training and mentoring for our young lawyers. Michelle has a special interest as a coach of the Newcastle High School Mock Trial Teams.
